OUR BENEFICIARIES

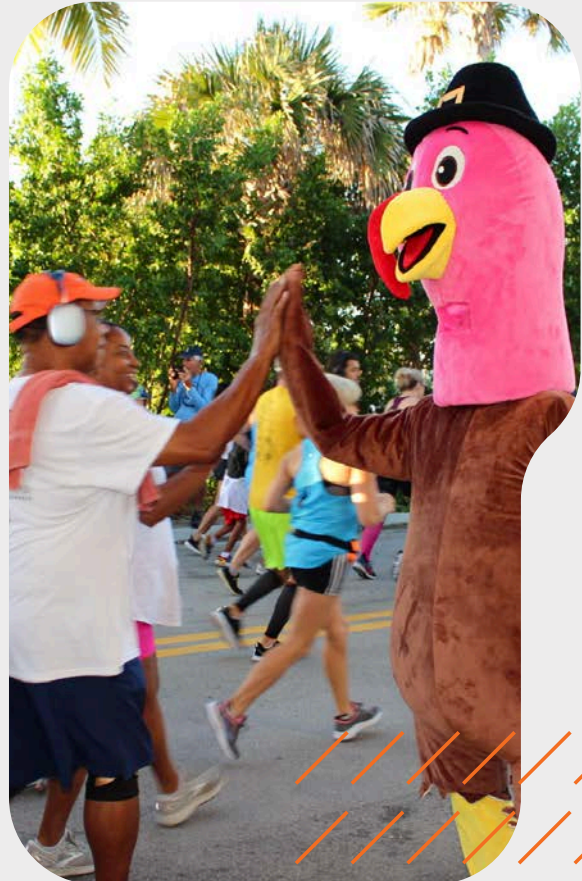

For almost 50 years, Big Brothers Big Sisters of Broward County, a 501(c)(3) non-profit organization, has been helping children facing adversity realize their potential and work toward their future. BBBS is part of the nation's largest donor and volunteer-supported mentoring network, matching adults ("Bigs") and children ("Littles"), ages 6 through 18. These one-to-one mentorships provide guidance and support to foster "Littles" educational success, build confidence and better relationships, and set and achieve goals.

"Big Brothers Big Sisters plays a crucial role in supporting children and providing them the tools and direction for success. Moreover, BBBS empowers young people to pursue higher education and training and encourages them to set career and personal goals," said Stacey Edwards Senior VP of Talent & Marketing for MedPro Healthcare Staffing. MedPro participates in BBBS's School to Work Workplace Mentoring Program, allowing participants to share their professional expertise with students and help them with their interview and presentation skills. Students also get to experience a typical workday in an office environment. "It's been a great experience for the students and our employees," said Edwards.
